

The R.N.D. Industrial Doors Ltd Pension and Life Assurance Scheme (the "Scheme")

Annual governance statement for the Scheme year ending 31 May 2019

1. Introduction

As Trustee of the Scheme, we have reviewed and assessed that our systems, processes and controls across key governance functions are consistent with those set out in the Pensions Regulator's:

- code of practice 13: governance and administration of occupational trust-based schemes providing money purchase benefits (the "DC code"); and
- regulatory guidance for defined contribution schemes ("DC regulatory guidance").

Based on our assessment, the Trustee continues to work towards adopting the standards of practice set out in the DC code and DC regulatory guidance.

As at the date of this statement there are two deferred members of the Scheme. Both Scheme members have passed their normal retirement dates.

2. Governance of the Default Arrangement

The Scheme's assets are invested wholly in an insurance policy provided by Aviva Life & Pensions UK Limited ("Aviva"), which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

The Trustee has not prepared a statement of investment principles ("SIP") in relation to the Scheme because:

- the Scheme has fewer than 100 members, it is exempt from providing a SIP under regulation 2 of the Occupational Pension Schemes (Investment) Regulations 2005; and
- the Scheme ceased to receive contributions before 6 April 2015 and Aviva does not operate a default arrangement in relation to members of the Scheme. As such, the Trustee is not required to prepare a default fund SIP under regulation 2A of the Occupational Pension Schemes (Investment) Regulations 2005.

3. Objectives of the Scheme's default approach

Aviva does not operate a default arrangement for members of the Scheme.

4. Core Financial Transactions

The Trustee has a duty to ensure that core financial transactions (including the investment of contributions, transfer of member assets into and out of the Scheme, transfers between different investments within the Scheme and payments to and in respect of members) relating to the Scheme are processed promptly and accurately. The Trustee delegates the processing of some of these transactions to Aviva and then retains responsibility for processing the remaining transactions itself.

So far as the Trustee acts as administrator in respect of those transaction, an independent auditor undertakes an external audit of the Trustee's administrative processes and controls (AAF 02/07) on an annual basis. In addition, the Trustee has internal controls policies and a Scheme specific risk register in place to mitigate potential risks relating to core financial transactions. This is reviewed by the Trustee at least annually.

The Pensions Regulator appointed Open Trustees as trustee of the Scheme on 11 July 2019. As we were appointed to act as Trustee shortly after the year end being reported on in this statement we cannot comment on whether the former trustees identified any issues in terms of the processing of
